Over 80 Years of Glerup Revere PACKAGING

How it all began...

In 1938, Marius Glerup founded the MJ Glerup Company and began selling ingredients and packaging to the confectionery industry. His integrity and entrepreneurial spirit helped him build a successful business.

When Bill Revere married Marius' daughter and decided to join the company, the Glerup-Revere partnership was born. Marius and Bill provided a wide range of quality packaging, which remains our focus today.

After graduating from college, Bill's oldest son, Mark, infused the company with his passion for innovation; he and Sally started our manufacturing division in 1989.

Sophie Revere, Mark and Sally's oldest daughter, joined the team in 2017, bringing unbridled enthusiasm and fresh ideas to the company.

Mark, Sally, Bill, and Sophie Revere

So who are we?

We are a fourth-generation, family-owned business focused on quality, integrity, and innovation. We are all about our people and treating our customers right.

We are dedicated to environmental responsibility, offering a full range of recyclable and compostable products, and employing technologies that reduce waste and energy consumption.

We are proud to offer an extensive line of products made in the USA, many of which we produce ourselves in our Seattle facility.

Custom Packaging

Our fourth-generation, family-run company lives and breathes packaging. We can help brand your packaging at any volume with our different levels of customization:

1. Foil stamped stock items
2. Custom labels or belly bands to complement a stock package
3. Fully custom items

1. Foil Stamping

Our foil stamping capabilities allow you to personalize your packaging at low minimum order quantities (100 pieces for boxes; or 1,000 pieces for bags and pouches). Pricing varies, starting at $0.30 per stamp, and set-up fees apply. Visit our website or call one of our team members to learn more!

Free Foil Stamp Program

Take advantage of our free foil stamp program when you purchase a larger quantity of foil stamped stock boxes.

- Order a minimum of 1,000 stock set-up or 2,500 stock folding boxes (per item).
- Pay the same per-unit price as the catalog list price for the quantity ordered.
- There is a one-time set-up fee of $100 which includes plates and a pre-production sample.
- The lead time is approximately 12 weeks after proof approval.

2. Custom Labels and Belly Bands

Want to spice up one of our stock packages with your own artwork, but not quite ready to commit to a fully custom run? Let one of our key account executives help you create a label or belly band that perfectly complements your existing packaging, and won't break the bank. This option allows you the creative freedom of four color process printing in addition to foil stamping.

3. Fully Custom

When you are ready to place a larger order and take your packaging to the next level, we would love to partner with you on fully custom items. Any size, shape, material, or design you can think of... we will make it happen, and always aim to exceed your expectations!

Mix and Match Folding Boxes

These folding boxes now come in both single and double layer options.
You can mix or match any base to any lid. Clear set-up lids are available too!

1. Choose a single or double layer base. Available in all colors shown on pg. 57.
2. Select a clear or colored lid. Our lids come in one depth that fits both single and double layer bases. Consider creating your own color combination, or match to your base.
3. Add optional inserts, trays, or pads.

Our Mix and Match boxes are available in a single layer option that fits our wide range of colored or clear lids.

Cellophane Bags

Cellophane is biodegradable and derived from wood pulp. It offers superior clarity and sparkle, and one of the best barriers to oxygen and odors available, with a moderate moisture barrier.

- Cellophane must be sealed with a constant heat sealer (see pg. 138).
- Common uses: hard or soft candies, chocolates, and potpourri mixes.

100% Compostable Cellophane Bags

The material is certified compostable, both commercially and at home.

- Compostable bags must be sealed with a constant heat sealer (see pg. 138).
- Common uses: chocolates, hard candies, natural products and superfoods, and granola.

Cello Style OPP Bags

"BOPP" material is impermeable, resistant to humidity, recyclable, and has a crisp feel like cellophane.

- Standard weight BOPP should be sealed with low heat using an impulse sealer. Medium weight and premium BOPP can be sealed with a constant heat sealer. Both are shown on pg. 138.
- Common uses include: hard candies, crackers, dry cookies, snack mix, nuts, and stationery goods.

Hand-Operated Impulse Sealer

These small yet powerful units are used to seal our Standard Weight BOPP and Economy Polypropylene bags. They are affordable and easy to use, which makes them a great option for light-duty bag sealing applications. Impulse sealers are available with or without a cutter that can be used to trim extra bag material while sealing. Options appropriate for sealing other types of bags or pouches are available on **pg. 138**.

12" x 1/8" Seal

210-8F (8" Sealer)
8" x 1/8" Seal

Economy Polypropylene Bags

The polypropylene used to manufacture these economy grade bags does not have any technical coatings or extended barrier properties; however it does offer excellent clarity.

- Heat-sealable with our impulse sealer, see pg. 138.
- Perfect for non-food applications

Zipper Pouches

Our resealable zipper pouches are available in a multitude of popular sizes to satisfy a wide range of applications. Made from PET with an LDPE sealant layer, these bags provide a strong moisture and oxygen barrier, and are easily sealable with a constant heat sealer. The wide surface area of these pouches lends itself well to labeling.

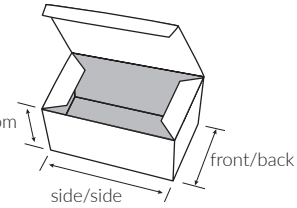
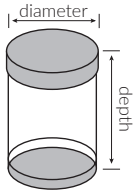
Dimensions

Ribbon lengths are measured in yards (yds) or meters (m). Ribbon widths are measured by the inch or millimeter (mm).



All dimensions of boxes, bags, and pouches are listed in the same order – side/side x front/back x top/bottom; or on round containers/cavities – diameter x depth. Most dimensions given reflect actual usable space with the exception of pouches which are actual dimensions. Please request a sample if you are not sure about sizing. All dimensions may vary +/- 1/16"



We proudly offer UPS carbon neutral shipments
